(b) if not, the reasons for announcing it before the Parliament Session?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRY (SHRI P. J. KURIEN): (a) No, Sir.

(b) The statement on industrial policy on 24-7-91 had mentioned the need for creation of a social security mechanism for protecting the interest of workers. The speech of the Finance Minister on 24-7-91 while presenting the Budget for 1991-92 had also clearly mentioned that the Government would establish a National Renewal Fund with a substantial corpus. As a follow up, a concept paper on the NRF was prepared which was also considered at the second meeting of Special Tripartite Committee to consider the impact of new industrial policy on labour and other related issues on 20-1-92. The constitution and announcement of the National Renewal Fund in early Feb' 92 is therefore a matter of routine follow up of Government policy and has no special reason for its announcement in Feb'92.
